Citizen Participation Plan

This document supersedes all previous Citizen Participation Plans for the City of Tallahassee, Florida.

Introduction

The City of Tallahassee, Florida, has developed this Citizen Participation Plan (CPP) to ensure effective public involvement in the planning, implementation, and assessment of the Community Development Block Grant (CDBG) program and other HUD-funded activities. Prepared in accordance with HUD regulations set forth in 24 CFR 91.105, this plan establishes a process for encouraging citizens, including minorities, non-English speaking persons, and persons with disabilities, to participate in the development of the Consolidated Plan, its annual action plans, any substantial amendments, the performance report (i.e., CAPER), and the CPP itself.

Purpose of the Citizen Participation Plan

The CPP ensures that residents, particularly those of low and moderate income, can participate in the development of the Consolidated Plan, Annual Action Plan, substantial amendments, and the Consolidated Annual Performance and Evaluation Report (CAPER). The plan aims to provide transparency and solicit public input at various stages of the planning process, offering residents of the community where federally funded activities will take place an opportunity to participate in an advisory role in the planning, implementation, and assessment of the programs and projects.

The Citizen Participation Plan is intended to provide an effective means of involvement in all phases of the City of Tallahassee's HUD-required consolidated planning process by an informed citizenry, including minorities and non-English speaking persons, as well as persons with disabilities. The City will emphasize participation by low- and moderate-income persons, particularly those residents of slum and blighted areas and of areas in which formula grant funds are proposed to be used, and by residents of predominately low- and moderate-income neighborhoods, including City designated revitalization and target areas. In order to accomplish this purpose, the goals of the Citizen Participation Plan are to:

1. Provide opportunities for citizens to express their views and proposals concerning needs in the community, and to establish priorities concerning these needs.
2. Provide opportunities for citizens to take part in policy formation regarding the federal or state grant planning requirements.
3. Ensure that citizens are provided with reasonable and timely access to local meetings, public hearings, information and records relating to the federal or state grant planning process including the range of activities that may be undertaken, the amount of anticipated funds, and proposed and actual use of funds.
4. Provide for technical assistance to groups of representative persons of low- and moderate-income that request such assistance in developing proposals.

5. Provide opportunities for citizens to review and comment on proposed Formula Grant Program activities and use of funds.
6. Ensure that citizens have questions and complaints answered in a timely and responsive manner.
7. Ensure that the needs of non-English speaking residents will be met in the case of public hearings where a significant number of non-English speaking residents can be reasonably expected to participate.
8. Provide reasonable accommodation for persons with disabilities wishing to participate in the community development planning process.
9. Utilize existing partnerships and organizations in the community (in addition to the public hearing process and public notices in newspapers) to encourage participation, including participation by minorities, non-English speaking persons and persons with disabilities, identifying housing needs and needs of the homeless and special populations, in the development of the Consolidated Plan. The City encourages the participation of local and regional institutions, the Continuum of Care, and other organizations (including businesses, developers, nonprofit organizations, philanthropic organizations, community/faith-based organizations, providers of broadband internet service providers, organizations engaged in narrowing the digital divide, and agencies whose primary responsibilities include the management of flood prone areas, public land or water resources, and emergency management agencies).
10. Create and/or support neighborhood-based citizen advisory committees in areas targeted for comprehensive revitalization activities under federal grant programs. These committees will advise on needs and activities related to their community.

Citizen Comment on the Citizen Participation Plan and Amendments

In order to encourage participation by low- and moderate-income persons, particularly those living in slum and blighted areas and in areas where CDBG funds are proposed to be used, and by residents of predominantly low- and moderate- income neighborhoods, the City will provide public notice of the proposed citizen participation plan and amendments prior to adoption and allow a 30-day period for public comments. The notice will provide sufficient information about the plan and/or amendment to permit informed comments. The notice will include the location for viewing the plan, indicate the dates of the comment period and provide a means for transmitting comments to the City. The notice will be published in a newspaper of general circulation in legible print. The notice and plan will be posted on the City's website. Additionally, the City may publish the notice in smaller minority community focused newspapers and disseminate information to existing partners and/or neighborhood committees.

Upon request, the citizen participation plan will be provided in a format to accommodate persons with disabilities (e.g., oral, Braille, electronic, or large print copies for the visually impaired; and/or delivering copies to the homebound) and for minority populations and persons with limited English proficiency.

In the event of a disaster or a declaration of emergency, public notice will be altered to follow HUD issued waivers or notices. The City will, at minimum, provide notice of proposed citizen

participation plan and amendments on the City's website and allow a 5-day period for public comments prior to adoption, to the extent permitted by law.

Development of the Analysis of Impediments to Fair Housing Choice “AI”

Consultation: Following the HUD announcement to withdraw the Notice Extending the Deadline for Submission of the Assessment of Fair Housing (AFH) dated January 5, 2018, the announcement states “Consolidated Plan program participants should continue to update their AIs in accordance with the HUD Fair Housing Planning Guide.” HUD encourages program participants to collaborate in opportunities to share resources and address fair housing issues, including, but not limited to:

1. public housing authorities, including residents, resident advisory boards, resident councils, and resident management corporations;
2. other providers of assisted housing, health services and social services, including those focusing on services to children, elderly person, person with disabilities, persons with HIV/AIDs and their families, and homeless persons;
3. community-based and regionally-based organizations that represent protected class members and organizations that enforce fair housing laws, such as state or local fair housing enforcement agencies;
4. regional government agencies, adjacent units of local government and local government agencies, including local government agencies with metropolitan-wide planning and transportation responsibilities.
5. Consultation with these agencies could include, but is not limited to, telephone or personal interviews, internet surveys, focus groups, public hearings and workshops.

Publishing Data: The City will make available HUD-provided data and other supplemental information the City plans to incorporate into the AI at the start of the public participation process, or as soon as feasible after. HUD-provided data will be made available by cross-referencing to the data on HUD’s website.

Public Hearing: A public hearing will be held during the development of the AI and prior to the time the proposed AI is published for comment.

1. The purpose of the hearing will be to obtain the views of citizens on AI-related data and affirmatively furthering fair housing.
2. A public notice will be published in a newspaper of general circulation at least 15 days prior to the public hearing. The notice will provide a reasonable explanation of the subject of the hearing, date, time and place and will provide contacts for accommodating persons with disabilities and non-English speaking residents. The notice will be published in legible print. Additional notices may be provided through the government access channel, agency newsletters and special notices to interested agencies, groups and persons.
3. In order to ensure that times and locations of public hearings are convenient to potential and actual beneficiaries, the public hearing will be held at varying public locations and times to be announced at least 15 days prior to the meeting with accommodation for persons with physical disabilities. Upon request, provisions will be made for the special needs of non-English speaking persons, as well as for the visually and hearing impaired.

Availability to the Public: After development of a proposed AI, the following will be published

in a newspaper of general circulation, in legible print:

1. A summary of the proposed AI and the provision of a public comment period.
2. The summary will describe the contents and purpose of the AI and will include a list of the locations where copies of the entire proposed Plan may be examined.
3. A reasonable number of free copies of the AI will be provided to citizens and groups that request it.
4. A period of 30 days after the published notice will be provided for comments.

Comments on the Plan: All comments and views of citizens received in writing, or orally at the public hearings, will be considered in preparing the final AI. A summary of these comments or views and a summary of any comments or views not accepted and the reasons, therefore, will be attached to the final AI.

Development of the Consolidated Plan and Annual Plan

In order to encourage participation in developing and implementing the Consolidated Plan and/or Annual Action Plan (the Plans), prior to adoption of the Plans, the following information will be made available to all citizens including residents of public and assisted housing, low-income residents of targeted revitalization areas, public agencies including public housing authorities, and other interested parties in the manner and at the time specified:

1. First Public Hearing: A public hearing will be held during the development process and prior to the time the proposed Plans are published for comment.
 - a. The purpose of the hearing will be to obtain the views of citizens on housing and community development needs, including priority non-housing community development needs, to review program performance for the preceding program year, and, if requested, to provide technical assistance on the development of potential activities.
 - b. A public notice will be published in a newspaper of general circulation at least fifteen (15) days prior to the public hearing. The notice will provide a reasonable explanation of the subject of the hearing, date, time and place and will provide contacts for accommodating persons with disabilities and non-English speaking residents. Additional notices may be provided through the government access channel, agency newsletters and special notices to interested agencies, groups and persons.
 - c. To ensure that times and locations of public hearings are convenient to potential and actual beneficiaries, the public hearing will be held in the evening at a central location in the city with accommodation for persons with physical disabilities. Upon request, provisions will be made for the special needs of non-English speaking persons, as well as for the visually and hearing impaired.
2. Notice of Funding Availability: Upon notification by HUD of the amount of funding to be received for the upcoming program year, the following information will be published in a newspaper of general circulation:
 - a. Amount of assistance the jurisdiction expects to receive (including grant funds and

- program income) and the range of activities that may be undertaken with the funds available. If applicable, requests for proposals from interested agencies will also be included with this notification.
- b. Additional notices may be provided through the government access channel, coalition newsletters and mailings and special notices to interested agencies, groups and persons.
3. *Availability to the Public:* After the development of the proposed Plans, including a preliminary recommendation of projects, activities and programs for the upcoming fiscal year, the following will be published in a newspaper of general circulation:
- a. A summary of the proposed Plans; the estimated amount of grant funds that will benefit persons of low- and moderate-income; a statement that the jurisdiction's plan to minimize displacement of persons and to assist any persons displaced ; and the provision of a public comment period.
 - b. The summary will describe the contents and purpose of the Plans and will include a list of the locations where copies of the entire proposed Plans may be examined.
 - c. A reasonable number of free copies of the Plans and displacement information will be provided to citizens and groups that request it.
 - d. A period of thirty (30) days after the published notice will be provided for comments.
4. *Second Public Hearing:* After the comment period, a second and final public hearing will be held on the Plans and proposed activities by the City Commission.
- a. The purpose of the second and final public hearing is to provide an opportunity for public comment on the Plan and proposed activities prior to approval for submittal to HUD.
 - b. A public notice will be published in a newspaper of general circulation at least fifteen (15) days prior to the public hearing. The notice will provide a reasonable explanation of the subject of the hearing, date, time and place and will provide contacts for accommodating persons with disabilities.
 - c. The hearing will be held in varying public locations and times to be announced at least fifteen (15) days prior to the meeting. Upon request, provisions will be made for the special needs of disabled and non-English speaking persons, as well as for the visually and hearing impaired.
5. *Virtual Public Meetings or Hearings:* If City's offices are closed due to a disaster or declaration of emergency, virtual public meetings and hearings may be used to fulfill applicable public hearing requirements instead of in-person meetings, to the extent permitted by law. Real-time responses and accommodations for persons with disabilities and/or limited English proficiency will be made available to the greatest extent possible.
6. *Comments on the Plan:* All comments and views of citizens received in writing, or orally at the public hearings, will be considered in preparing the final Plans. A summary of these

comments or views and a summary of any comments or views not accepted and the reasons, therefore, will be attached to the final Plans.

Substantial Amendments

The following criteria constitute a substantial amendment to the Consolidated and/or Annual Plan (the Plans).

1. Changes are proposed for the use of federal funds from one eligible activity to another [24 CFR 91.105(c)(1)] if such change exceeds 25% of the total allocation to the City for the year.
2. A decision is made to carry out an activity, using funds from any program covered by the Consolidated Plan including program income, not previously described in the Action Plan.
3. A decision is made not to carry out an activity described in the Action Plan. This does not include activities which must be dropped due to circumstances beyond the control of City of Tallahassee, e.g., a subgrantee elects not to do an activity; the activity fails because a property owner refuses to sell; etc. In this instance, no decision process is involved, and it is not necessary to modify or amend the change through the citizen participation process. However, reallocation of funds to a new activity not previously described in the Action Plan may constitute a substantial amendment per Paragraph 1. above.
4. The purpose, scope, location or beneficiaries of an activity are substantially changed. An activity will be considered substantially changed when any one of the following criteria apply:
 - a. The activity will no longer principally benefit the targeted population as identified in the Action Plan (e.g., senior citizens in certain areas, low- and moderate-income homeowners, homeless men, residents of X neighborhood instead of Y neighborhood, pregnant teenagers).
 - b. The activity will no longer address the low- and moderate-income need identified in the Action Plan (e.g., shelter for homeless, center for senior citizens, housing for low- and moderate-income households, training as daycare providers) or the activity ceases to address the elimination of slums and blight as identified in the Action Plan.
 - c. The activity location of an area-benefiting activity changes so that the completed activity will principally serve beneficiaries other than those originally intended.
 - d. The scope of the activity has increased to the point where its completion with project funds would result in the inability to carry out another approved activity, or would necessitate reducing the scope of another activity to a point where it would not accomplish its intended purpose.

In the case of a local emergency, such as a natural disaster or other large-scale emergency, funds may be allocated to eligible activities needed to assist in disaster relief without triggering a substantial amendment with approval from City Commission.

The process for implementing substantial amendments is as follows:

1. Publish a notice in a newspaper of general circulation giving the proposed change the City is considering, and the availability of any materials on the change. The notice will provide sufficient information about the amendment to permit informed comment. The notice will be published in legible print and in a section of the paper other than the legal section. A thirty (30) day comment period will follow the notice of proposed amendment.
2. The City may make other notifications of the proposed substantial amendment as deemed appropriate.
3. At the end of the thirty (30) day comment period, the City will consider all comments received prior to preparing the final proposed substantial amendment. A summary of these comments or views, and a summary of any comment or views not accepted and the reasons therefore, shall be attached to the substantial amendment transmitted to HUD.
4. Place the proposed change on the City Commissions agenda for consideration.
5. When adopted, distribute description of the change, including summaries as described above, to affected cities, agencies or entities and to all persons or agencies that sent written comments. The City will also update its website with the amendment.
6. Send a description of the changes to the U. S. Department of Housing and Urban Development, including the summaries described above.

Performance Reports

The City will advertise the availability of performance reports for viewing by the general public in a newspaper of general circulation. The notice will provide sufficient information about the performance report to permit informed comment. The notice will be published in legible print. A fifteen (15) day comment period will follow this advertisement. A summary of these comments will be attached to the performance report. Additional notices may be provided through the government access channel or on the City's website.

Meetings

The City will provide reasonable and timely notice of all meetings so that all interested parties may have an opportunity to attend. In the event of a disaster or a declaration of emergency, notice of all meetings or public hearings public notice will be altered to follow HUD issued waivers or notices. The notice will provide a reasonable explanation of the subject of the hearing, date, time and place, if applicable.

Availability to the Public

The City will make available for public inspection the adopted Assessment of Fair Housing, including any revisions to the AI, Consolidated Plan, including substantial amendments to said plan, Annual Action Plan, including amendments, and the performance report described above. These documents will, upon request, be made available in formats which are accessible to persons with disabilities. (e.g., oral, Braille, electronic, or large print copies for the visually impaired; and/or delivering copies to the homebound.)

Access to Records

All records and information relating to the Assessment of Fair Housing, Consolidated Plan and the use of funds under that plan will be available for public inspection for a period of not less than five (5) years. All documents relevant to the City's programs will be made available for citizen review during the City of Tallahassee's normal business hours by contacting:

Department of Housing and Community Resilience
435 N Macomb Street, Third Floor
Tallahassee, FL 32301
850-891-6566
Housing@talgov.com

Depending on the age and nature of requested items, staff may need several business days to compile requested document(s). A reasonable number of copies will be made available without charge to the person requesting documents. Numerous copies are available for a nominal fee in accordance with the laws of the State of Florida.

Technical assistance

Assistance will be provided to groups, representative of persons of low- and moderate-income, that request such assistance. This assistance may take, but is not limited to the following forms:

1. Staff participation in committee meetings, including coordination of target area committees.
2. Workshops for agencies proposing projects.
3. One-on-one technical assistance provided in person, over the phone, by email, at public meeting, or at scheduled and advertised public hearings. The level and type of assistance will be determined as needed on a case-by-case basis.
4. Assisting with the establishment of neighborhood planning committees.

The City may provide other types of technical assistance as deemed appropriate.

Complaints

Any person wishing to make a formal complaint concerning any aspect of the Assessment of Fair Housing, including revisions, Consolidated Plan, including amendments to the Plan, Action Plan, including amendments, and performance reports, may do so in person, by letter or by telephone to

the address/phone numbers given. Persons wishing to make a complaint in person should call for an appointment; appointments will be made to occur within a reasonable amount of time from the request. A substantive written response will be made to every written citizen complaint within fifteen (15) working days of receipt, where practicable.

Use of the Plan

The City will follow this Citizen Participation Plan in the development of the Assessment of Fair Housing, and any revisions to the AI, Consolidated Plan, any substantial amendments to the consolidated plan, Annual Action Plan, and any substantial amendments, and the performance report.

Jurisdiction Responsibility

The requirements for citizen participation do not restrict the responsibility or authority of the City for the development and execution of its Consolidated Plan or Assessment of Fair Housing.

Anti-Displacement

The City has adopted a Relocation Policy to minimize the extent to which low and moderate-income people will have to leave their homes as a result of the use of these Federal dollars. This Plan also describes how the City will compensate people who are actually displaced as a result of the use of these funds, specifying the type and amount of compensation.

Definitions

Annual Action Plan — A document submitted to HUD annually that, with community participation, summarizes the actions and activities to be undertaken and specific federal and non-federal resources that will be used yearly to address the priority needs and specific goals identified in the Consolidated Plan. The Annual Action Plan serves as the application for funding for the Community Planning and Development formula grant programs (CDBG, ESG, or HOME).

Applicant/Grantee — The government body which applies for funding under the formula grant and is responsible for complying with all regulations governing the program. In Pinellas County the applicant is the Board of County Commissioners. The applicant becomes the grantee when funding is received.

Community Development Block Grant (CDBG) — A federally funded grant program established for the purpose of developing viable communities, including decent housing, a suitable living environment, and economic opportunity for persons of low- and moderate-income. The grant also provides funds for the elimination of slums and blight.

Community Housing Development Organizations — Known as CHDO's, these private, nonprofit, tax exempt, neighborhood-based housing development companies, provide affordable housing to low- and moderate-income people. Under HUD guidelines, a participating jurisdiction

must spend at least 15% of its HOME allocation on housing developed, sponsored, or owned by an organization that fits the definition of CHDO.

Consolidated Plan — A 5-year planning document submitted to HUD every five years that, with community participation, identifies the County's affordable housing and community development needs and priorities.

Consolidated Planning Process — The Consolidated Planning Process is the means to meet the application requirements for the Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME) i, and Emergency Solutions Grant (ESG) formula grant programs. This process replaces prior planning and application requirements with a single document and satisfies the submission requirements of the four formula programs for local jurisdiction.

Emergency Shelter — Any facility with overnight sleeping accommodations, the primary purpose of which is to provide temporary shelter for the homeless in general or for specific populations of the homeless.

Emergency Solutions Grant (ESG) — A federally funded grant program, formerly the Emergency Shelter Grant, established for the purpose of engaging homeless individuals and families living on the street; improving the number and quality of emergency shelters for homeless individuals and families; helping operate these shelters; providing essential services to shelter residents, rapidly re-housing homeless individuals and families, and preventing families/individuals from becoming homeless.

Formula Grant Funds — As used in this document, this refers to federal grant programs under which the City receives funding as an entitlement, i.e., CDBG, HOME, and ESG.

HOME Investment Partnerships Program — A federally funded grant program established for the purpose of expanding the supply of decent, safe affordable housing for persons of low-and moderate-income and expanding the capacity of Community Housing Development Organizations to increase housing opportunities.

Participating Jurisdictions — Participating jurisdictions (PJ's) are states and local governments that are entitled to receive federal formula grant funds. This includes consortia that are designated by HUD to directly administer the HOME Program.

Predominately Low- and Moderate-Income Neighborhood — Generally defined as a primarily residential area comprised of census tracts and/or census tract block group(s) in which a least fifty-one percent (51%) of the residents have an income not exceeding eighty percent (80) of the

Area Median Income (AMI). Special Groups — Groups currently presumed by the U S Department of Housing and Urban Development to meet the low- and moderate-income criteria. They include abused children, elderly persons, battered spouses, homeless persons, severely disabled persons, illiterate persons, and persons living with AIDS. Other special groups may also be designated in the Consolidated Plan.

Targeted Areas — Specific areas designated, i.e. "targeted," for substantial long-term improvements to be produced within a reasonable length of time. A definite boundary is established for the area and a schedule of improvements planned and identified. The targeted area will benefit from a program of capital improvements, housing rehabilitation and public facilities. Services may also be provided if appropriate to the needs of the area.

U S Department of Housing & Urban Development (HUD) — The federal department which administers the CDBG, HOME, and ESG programs.

PUBLIC COMMENTS

The City held two community participation/stakeholder meetings, one specific consultation with the homelessness coalition, and one public hearing prior to drafting the Consolidated Plan, NRSA, Citizen Participation Plan, and Analysis of Impediments to Fair Housing Choice. These meetings were conducted in accordance with 24 CFR Part 91, and the City's current Citizen Participation Plan, to collect substantive feedback and input from stakeholders. After the Plans were drafted, the City facilitated the second and final public hearing in conjunction with the City Commission adoption of the plans.

Date/Time	Meeting
March 6, 2025	Community Meeting – Renaissance Center
March 13, 2025	Community Meeting – Columbia Gardens at South City
March 24, 2025	City Affordable Housing Advisory Committee Meeting
March 26, 2025	First Public Hearing – City Commission Chambers, City Hall
June 11, 2025	Final Public Hearing and Adoption

There were no written comments received; no oral comments received. During the public engagement meetings, attendees participated in a Menti survey providing instant feedback to questions posed to the audience. Those results are included with this summary. All comments were received and accepted by the City.

HCR Hosts Community Meetings on Housing Citizen Feedback Needed

In March, the City of Tallahassee's Department of Housing and Community Resilience will host community meetings and its first public hearing focused on housing and community development. The goal of the meetings is to identify priority housing and community development needs, while also looking at barriers to fair housing.

The community meetings and first public hearing will take place as follows:

- Community Meeting - Thursday, March 6, 2025, at 10:00am, at the Renaissance Center, Second Floor Conference Room, 435 N. Macomb Street
- Community Meeting - Thursday, March 13, 2025, at 5:00pm, at Columbia Gardens at South City, 2712 Country Club Drive
- Public Hearing - Wednesday, March 26, 2025, at 6:00pm, at City Hall Commission Chambers, 300 S. Adams Street

Input gathered from the meetings will be used in the development of the 2025 HUD Consolidated Plan. The Consolidated Plan is a five-year strategic plan that addresses the City's overall housing and community development needs and outlines a strategy to address those needs. The City must submit the Consolidated Plan to the U.S. Department of Housing and Urban Development (HUD) for use of federal grant funds. The meetings will also gather comments from the community to develop the 2025 SHIP Local Housing Assistance Plan which addresses the City's use of its State Housing Initiatives Partnership (SHIP) funding.

In line with the City's 2029 Strategic Plan, the City administers programs to preserve and grow the inventory of safe and affordable housing within the city limits and to help meet the needs of low- and moderate-income persons and neighborhoods. This work is accomplished through a variety of federal, state, and local resources, and partnerships.

NOTICE OF COMMUNITY MEETINGS & FIRST PUBLIC HEARING

The City of Tallahassee's Department of Housing and Community Resilience (HCR) will be hosting community meetings and its first public hearing to provide information about and solicit input for the City's FY 2025 HUD Five-Year Consolidated Plan, FY 2025 HUD Annual Action Plan, FY 2025 State Local Housing Assistance Plan, Citizen Participation Plan, Language Access Plan, Analysis of Impediments to Fair Housing, and Neighborhood Revitalization Strategy Area. Citizens and organizations are invited to attend these meetings to help identify housing and community development needs that may be addressed with federal grant funds provided to the City from the U.S. Department of Housing and Urban Development (HUD), and with state grant funds provided from the Florida Housing Finance Corporation (FHFC).

CAPER: To report on program activities for the year ending September 30, 2024, using federal and state funds as reported in the Consolidated Annual Performance and Evaluation Report (CAPER) and the SHIP Annual Report.

Five-Year Consolidated Plan: To gather comments to assist in the development of the HUD Five-Year Consolidated Plan for program years beginning October 1, 2025. The Plan serves as the City's application to HUD for Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), and Emergency Solutions Grant (ESG) funds.

Annual Action Plan: To gather comments to assist in the development of the HUD Annual Action Plan for program year beginning October 1, 2025.

Local Housing Assistance Plan (LHAP): To gather comments to assist in the development of the Three- Year Local Housing Assistance Plan (LHAP) for state program year beginning July 1, 2025, as required by FHFC. The LHAP serves as the City's application to FHFC for State Housing Initiatives Partnership (SHIP) funds.

The City encourages participation of all its residents, especially the involvement of very low-income residents, minorities, non-English speaking persons, and persons with mobility, visual or hearing impairments. Citizens wishing to provide input may make public comment in person at the meeting. Due to ongoing public health concerns, room capacity is limited to allow adequate space for physical distancing. Comments will be accepted in writing with contact name and address to:

Statement of Issue

This agenda item seeks a public hearing during the development of the City's upcoming federal and state plans for the U.S. Department of Housing and Urban Development (HUD) and the Florida Housing Finance Corporation (FHFC):

- HUD Five Year Consolidated Plan for FY 2025-2029
- HUD Annual Plan for FY 2025
- SHIP Three Year Local Housing Assistance Plan for FY 2025-2028

HUD requires the City to hold a public hearing during the development of the plans to solicit public input. After this public hearing and meetings held throughout the community, City staff will draft plans, conduct a second public hearing, and seek Commission approval.

Recommended Action

Option 1. Hold the first public hearing for the development of the Consolidated Plan, Annual Plan, and Local Housing Assistance Plan, and related reports and strategies, and schedule the Second and Final Public Hearing for June 11, 2025.

Fiscal Impact

A total of \$4,460,079.00 is expected to be awarded for eligible activities in anticipation of federal and state grant reimbursements that include CDBG funds of \$1,869,974; HOME funds of \$888,567; ESG funds of \$168,138; and SHIP funds of \$1,533,400. These funds are in addition to program income earned during the prior year to be

allocated with new federal awards.

Supplemental Material/Issue Analysis

History/Facts & Issues

The U.S. Department of Housing and Urban Development (HUD) provides grants to the City on a formula basis to assist in the creation of viable communities. To maintain eligibility for these funds, HUD requires the City to develop and submit a five-year Consolidated Plan that acts as the strategic plan and establishes priorities for housing, human services, homelessness, and community and economic development. The major goals of the HUD funding are to provide housing, a suitable living environment, improve quality of life, address homelessness, and expand economic opportunities for low- and moderate-income persons.

HUD also requires an Annual Action Plan be developed and submitted each year to establish strategies and programs that will be funded with that year's entitlement grant funding to accomplish the objectives established in the Consolidated Plan. Both the Consolidated Plan and first year Annual Plan are due to HUD August 16, 2025.

In addition to these two plans, the City is a recipient of State Housing Initiatives Partnership (SHIP) funding through the Florida Housing Finance Corporation (FHFC). As a recipient, the City must develop and submit a three-year Local Housing Assistance Plan (LHAP) that acts as the strategic plan and establishes the strategies and programmatic funding limits for the City's use of its SHIP allocation. The LHAP is due to FHFC by May 2, 2025, for a conditional approval prior to public comment and adoption of the plan by the Commission.

The Department of Housing and Community Resilience is responsible for the development, implementation, and monitoring of activities related to these required planning processes. The Department's approach to meeting community development priorities is through activities that create sustainable and resilient neighborhoods. The Departments' goals support the City's 2029 Strategic Plan and include creating neighborhoods where housing stock is maintained, homeownership is prominent, economic opportunities and stability are present, and residents have a feeling of communal ownership.

Anticipated Funding

The City's anticipated entitlement allocation for the upcoming program year is as follows:

- CDBG funds of \$1,869,974.00;
- HOME funds of \$888,567.00;
- ESG funds of \$168,138.00; and
- SHIP funds of \$1,533,400.00.

It should be noted these awards have not been announced and are subject to change.

HUD expects that entitlement communities leverage additional local and state funding and matches to implement the proposed activities. These include program income received from eligible activities, CRA funds, and local funds like Change for Change Donations.

Eligible Activities

Once crafted, the proposed plans will include the strategies and activities which align with the eligible activities allowed to achieve the City's 2029 Strategic Plan goals. Eligible activities include:

- Housing repair, rehabilitation, and reconstruction
- Public facilities rehabilitation/public infrastructure
- Public/Human services
- Neighborhood revitalization
- Economic Development
- Homeownership Assistance
- New construction of affordable housing

Related Plans, Strategies, and Policies

In addition to the main planning documents which serve as the City's applications to HUD and FHFC for funding, there are additional planning documents required by HUD which must be updated in conjunction with the Five-Year Consolidated Plan. These include:

- The City's Neighborhood Revitalization Strategy Area (NRSA)
 - HUD incentivizes this approach to neighborhood revitalization by allowing regulatory flexibilities under the CDBG program. These CDBG program flexibilities make it easier for the City to implement housing, economic development, and job creation/job retention projects and also gives the City the ability to allocate more resources for public service activities.
- Citizen Participation Plan
 - As a condition of receiving HUD funding, the City must satisfy annual planning and reporting requirements as provided in 24 CFR Part 91 which includes the development and preparation of a Consolidated Plan, Annual Action Plans for each year of the Consolidated Plan, the Consolidated Annual Performance Evaluation Report (CAPER), and an Analysis of Impediments to Fair Housing. The Citizen Participation Plan is the City's policy for ensuring timely public participation in the development of the plans and reports.
- Uniform Relocation Act Relocation Policy
 - The Uniform Relocation Assistance Act (URA), implemented by HUD and applicable to federally assisted projects, ensures fair and equitable treatment of individuals and businesses displaced by such projects, providing relocation assistance and payments. As a recipient of federal funding, the City must have a relocation plan which meets the requirements of the URA.
- Affirmatively Furthering Fair Housing Policy
 - This is an assessment done in connection with the jurisdiction's 5- year Consolidated Plan. Using a prescribed format, the City must identify fair housing issues and related contributing factors in its jurisdiction and sets goals to overcome these. The goals must inform subsequent housing and community development planning processes.
- Language Access Plan
 - It is HUD's policy to provide timely, meaningful access for persons with limited English proficiency to all programs, services, and activities. Individuals who have a limited ability to read, speak, write, or understand English may be entitled to language assistance with respect to a particular type of service, benefit, or encounter. As a recipient of HUD funding, the City is required to have a Language Access Plan.

PUBLIC NOTICE

City of Tallahassee Department of Housing and Community Resilience
 FY 2025-2029 HUD Consolidated Plan and First Year Annual Action Plan
 Proposed Use of Funds

As an entitlement grantee of the Department of Housing and Urban Development (HUD), every five years the City of Tallahassee prepares a Consolidated Plan as a condition of receiving federal Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG), and HOME Investment Partnerships (HOME) funding from HUD. The Consolidated Plan is carried out via (5) One-Year Action Plans which serve as the City's annual funding applications to HUD. While the State Housing Initiatives Partnership (SHIP) funds are not subject to federal regulations, they are leveraged when allocating federal funding. Based on a thorough analysis of market conditions and available resources, the Consolidated and Action plans identify and prioritize community and economic development needs; describe place-based strategies to address high-priority housing, human services, infrastructure, neighborhood revitalization, and homelessness needs; and establish accomplishment goals in these areas. *The award amounts below are conditional and may change based on final award notifications from HUD or the State of Florida and are in addition to awards from previous years and program income.

Good afternoon,

Awesome! Can you please provide any considerations for our HUD 5-year consolidated plan when it comes to flooding and resilience for housing?

Some considerations can include historical increase in flood hazards, new policies or programs for mitigation, etc.

Thank you,

Good morning Lauren,

How can we assist? The City is currently working on their VA, with some stages already accepted by the Department.
